The Medical Assistant is a vital part of the healthcare team. Let's all prepare to make our lives better through fellowship and educational programs that will enhance our own wellness along with that of our patients, while spending time in this beautiful area of nature. Come join us on the walking trails, mini golfing, regular golfing, fishing or just relaxing with our CMAs and other credentialed medical assistants.

Both lodge rooms and cabins are available now for reservations for the conference. Reservations can be made at the following link:
